

INNOVATIVE INVESTMENT PROCESS

Thorough underwriting process in pursuit of the companies that meet Cambiar's quality, value creation, and return criteria.

QUALITY

- Durable franchise position
- Above avg: margins | free cash flow generation
- Below avg: leverage | cash flow variability
- Track record of strong capital discipline | corporate governance

PRICE

- Price-sensitivity at entry is critical
- Valuation can provide downside protection
- Incoming positions should possess a 3:1 up/down return profile
- Quality must not be sacrificed to achieve low aggregate valuation

DISCIPLINE

- Stringent equity underwriting process
- Exercise patience to reach desired attachment point
- Be prepared to act when high quality companies go on sale
- Quality and price must align

PORTFOLIO ATTRIBUTES

- 40-50 stock portfolio
- Diversified portfolio that invests primarily in international large-cap companies
- Market cap range: primarily >\$5 billion
- Total assets: \$772.3 million

UNWAVERING ACTIVE MANAGEMENT

- **Quality, Price, Discipline** – Consistent implementation of our QPD approach
- **High Active Share** – Willfully benchmark agnostic in pursuit of alpha
- **Intellectually Curious** – Deep fundamental research insight

CAMBIAR OVERVIEW

- Founded in 1973 | 100% employee-owned
- Based in Denver, Colorado
- Principals have average tenure of 22+ years

Cambiar Investors, LLC (Cambiar) is an independent registered investment adviser with the United States Securities and Exchange Commission. Registration does not imply a certain level of skill or training. Cambiar claims compliance with the Global Investment Performance Standards (GIPS®).

Cambiar's International Equity ADR Composite includes discretionary, taxable and tax-exempt portfolios, including portfolios that are part of broker-affiliated or broker-sponsored programs, including wrap programs, that waive commission costs or bundle fees including commission costs. The records of the portfolios in the composite are maintained on Cambiar's systems. Portfolios in the composite invest predominantly in foreign securities through American Depositary Receipts ("ADRs") and other securities which are traded on U.S. exchanges. Cambiar's International Equity ADR Composite primarily invests in stocks with a market capitalization greater than \$5 billion. The typical number of securities in the International Equity ADR portfolio is 40-50 holdings. As of April 2020, there is no minimum asset level for the composite. Prior to April 2020, the minimum asset level for the composite was \$100,000.

The composite contains accounts with gross and "pure" gross performance. Gross returns are reduced by transaction costs. "Pure" gross returns do not reflect the deduction of any expenses, including transaction costs. "Pure" gross returns are applicable to separately managed accounts that are part of broker-affiliated or broker-sponsored programs, including wrap programs, that waive commission costs or bundle fees including commissions (SMAs). "Pure" gross returns are supplemental information. Net returns are reduced by transaction costs and actual investment advisory fees and other expenses that may be incurred in the management of the account. SMAs often incur bundled fees, charged by the wrap sponsor or affiliated broker, that may include transaction costs, investment management, portfolio monitoring, consulting services, and custody fees. Net returns for SMAs are calculated by deducting the investment advisory fees from the client's account as reported by the wrap sponsor or affiliated broker, or as received by Cambiar. Cambiar clients may incur actual fee rates that are greater or less than the rate reflected in this performance summary. Fees will vary based on the assets in the accounts. Returns are reported in U.S. dollars.

Performance results for the International Equity ADR Composite are evaluated against the MSCI EAFE Index. The MSCI EAFE Index (Europe, Australasia, Far East) is a free float-adjusted, market capitalization weighted index that is designed to measure developed market equity performance, excluding the U.S. & Canada. The index assumes no management, custody, transaction or other expenses. The MSCI EAFE Index is a broadly based index that reflects the overall market performance and Cambiar's returns may not be correlated to the index. The index is unmanaged and one cannot invest directly in an index. Cambiar's performance and the performance of the MSCI EAFE Index include the reinvestment of all income. Benchmark returns are net of withholding taxes. Prior to July 2019, Cambiar typically followed each custodian's treatment of tax withholding and therefore dividends may have been presented as gross or net of dividend tax withholding depending on the custodian's treatment. As of July 2019, Cambiar typically records dividends net of withholding taxes although it may depend on various factors such as the issue country and custodian's treatment. Withholding taxes may vary according to the investor's domicile, and other reasons. Source: MSCI.
